INFORMATION DISCLOSURE STATEMENT

Dear Sir:

The applicant and the attorney who signs below on the basis of the information supplied by the inventor and the information in this file, submit herewith patents, publications, or other information of which they are aware, which may be material to the examination of this application and in respect of which there may be a duty to disclose in accordance with 37 CFR § 1.56.

While the information submitted in this Information Disclosure Statement may be material pursuant to 37 CFR § 1.56, it is not intended to constitute an admission that any patent, publication, or other information referred to therein is prior art for this invention unless specifically designated as such.

In accordance with 37 CFR § 1.97, this Information Disclosure Statement is not to be construed as a representation that a search has been made or that no other possibly material information as defined under 37 CFR § 1.56(a) exists.

The patents and/or publications submitted herewith are set forth on the attached Form PTO-1449.

Applicant notes that there is one foreign-language reference listed on the enclosed Form PTO-1449. In accordance with 37 C.F.R. § 1.98(a)(3)(ii), Applicant offers an English-language translation of the abstract of that reference here:

REFERENCE B4: JP 10-31075: From the Abstract provided by the European Patent Office: "The system includes two rows of observation apparatuses (1A-1G, 2A-2G) which individually produce the observation data based on the detected seismic waves. Radio communication is facilitated between adjoining observation apparatuses in each row. A relay apparatus (21, 22) is provided for every observation apparatus row. Each relay apparatus can communicate with the observation apparatus by radio. Each observation apparatus is controlled through each relay by central control apparatus (32). The central control apparatus receives the observation data from the observation apparatus via each relay apparatus and transmits observation data to the other relay apparatus."

No fee is believed to be due in connection with the filing of this Information Disclosure Statement. However, if it is determined by the Office that a fee in the amount of \$180.00 is due under 37 CFR § 1.17(p), the Commissioner is hereby authorized to charge this fee, and any other fee necessary to make this submission timely, to the Deposit Account 50-1720/14.0225-PCT-US.

Respectfully submitted,
